

ELGIN VINTNERS

ROOTED BY PASSION

UNIQUE COOL-CLIMATE TERROIR

Elgin Vintners, founded in 2004 by a group of passionate Elgin farmers and businessmen, is a premium boutique wine farm situated in the Elgin Valley of South Africa's Western Cape. Nestled in this cool, high-altitude basin, surrounded by the ancient Hottentots Holland and Kogelberg mountains, Elgin Vintners produces wines that embody finesse and elegance. The vineyards, planted among apple and pear orchards, benefit from a unique terroir influenced by Table Mountain Sandstone and Bokkeveld Shale soils. The unique growing conditions allow grapes to ripen slowly, resulting in wines of exceptional freshness and complexity. With a focus on minimal intervention winemaking, Elgin Vintners crafts elegant whites like Chardonnay and Sauvignon Blanc, along with delicate Pinot Noir and restrained Syrah, all reflecting the region's true character.

ELGIN VINTNERS

CLOUD HAVEN

Cloud Haven is a true expression of the Elgin Valley cool climate terroir. Farmed on Blaauwkrans in the Elgin Valley, Cloud Haven offers unpretentious and fresh wines, usually released early with each vintage, and made for easy drinking and every day enjoyment.

The range consists of a Sauvignon Blanc, Merlot Shiraz blend & Pinot Noir.

ELGIN VINTNERS

BELLE AMIE

This process has resulted in a light and refreshing wine with an alcohol of 12% vol. The “blush” colour of the wine is typical of a Blanc de Noir style (white wine from black grapes), with beautiful clarity when observed through natural light. The aromas and flavours of water-melon and pomegranate get the taste buds salivating in anticipation of the wave of freshness to be experienced on the palate. Fruity, well balanced with a silky texture and a gravity-defying lightness. This wine is complimented by a bone-dry, crisp and refreshing finish that leaves you craving the next sip.

ELGIN VINTNERS

ELGIN VINTNERS RANGE

This is the core range in the Elgin Vintners portfolio and consists of 6 wines. Time is taken in the vineyard and picked at optimal ripeness to ensure full-flavoured, ripe, and plush wines. Kept for as long as possible on the fine lees and with minimal intervention in the cellar, this range delivers wine with longevity and excellent maturation potential. The range includes Sauvignon Blanc, Sauvignon Semillon blend, Chardonnay, Merlot, Pinot Noir and Syrah.

ELGIN VINTNERS

RIDGE LANDS

Carefully selected, hand crafted, domain and vineyard specific wines, the Site Specific Range is a revelation of true craftsmanship. Barrels are specifically singled out and wines produced in limited quantities to express a true sense of place. The range consists of a Sandstone Barrel- Fermented Sauvignon Blanc, Ponthuis Pinot Noir, Ironstone Syrah, and Oudebrug Merlot.
